PRODUCT CATALOG

THE DIRT ON OUR GLOVES

For passionate gardeners in search of gloves that offer the precision needed for intricate tasks such as planting seeds or pruning bushes, while also showcasing your individual style through our fashionable patterns and variety of fabrics.

Mud is a versatile gardening glove made from breathable fabrics with an ergonomic design that ensures a secure fit that delivers exceptional comfort, unmatched dexterity and flair so you can prune, plant and harvest with both precision and enthusiasm.

Unlike standard gardening gloves, Mud is made with high quality craftsmanship that remains comfortable all-day long while reflecting your personal style.

As you gear up for your next gardening adventure, think of Mud gloves as your reliable partner—merging comfort and dexterity with style to enhance your green-thumb pursuits.

ECO-FRIENDLY GLOVES

Mud® is dedicated to developing innovative, high-quality products that emphasize environmental sustainability. Our Eco and Bamboo gloves are crafted to safeguard both the planet and your hands, focusing on sustainability and comfort. Both gloves are designed for comfort while minimizing reliance on non-renewable resources. The Eco gloves utilize REPREVE® recycled materials, transforming two plastic bottles into sustainable yarn to enhance their eco-friendliness. The Bamboo Mud gloves are crafted from soft, moisture-wicking bamboo fibers, ensuring excellent hand protection. Mud is committed to lowering its environmental footprint and actively seeks new sustainable materials and technologies. We take pride in our commitment to setting industry standards for sustainable practices, and alongside our Eco and Bamboo gloves, we continually explore advancements that align with our green philosophy.

BAMBOO H2O MUD®

sizes available: XS, SM, ML

item #MD32001W color: watermelon ⚠️ P65

Our Bamboo H2O glove features an eco-friendly, water resistant design that protects your hands and our Earth! The glove features sustainable bamboo fiber that has natural moisture wicking properties, keeping your hands dry and cool. The glove features a water resistant, full flat latex undercoat, which keeps your hands dry while the micro surface palm offers superior grip in wet and dry conditions.

BAMBOO H2O MUD®

sizes available: men's L, XL ⚠️ P65

item #MD32011G color: kiwi / charcoal

- flat latex undercoat is water resistant and helps keep hands dry, soft bamboo fiber with moisture wicking & UV protection properties provide additional comfort
- sandy latex dip palm provides durable grip

MEN'S

BAMBOO FLEX MUD®

item #MD32041G color: green

- made from Repreve® recycled polyester, each pair uses two recycled water bottle
- double-dip sandy latex coating ensures a secure grip and prevents slipping
- flat latex undercoating protects against dirt and moisture

MEN'S

A person is shown from the waist down, wearing a grey t-shirt and blue shorts. They are wearing grey gloves with a white daisy pattern and a small 'mud' logo on the wrist. The person is holding a wooden-handled tool, possibly a shovel or trowel, and is standing on a green plastic sheet. The background is a garden with soil and some green plants.

COATED GLOVES

Our Coated Mud® gloves protect your hands from dirt and debris throughout a multitude of tasks. The string knit shells fit the natural shape of the hand, allowing for great flexibility and comfort. The shells are then dipped into coatings that enhance your grip in dry, wet, or muddy environments.

DOTTED MUD®

sizes available: XS, SM, ML 

item #MD31011V color: violet
item #MD31011W color: watermelon

Our Dotted Mud® glove offers superior hand protection during your gardening tasks. It features a knit wrist that forms snugly to your hand to keep debris out. It is also equipped with a nitrile coated palm with gripping dots that ensure superior grip in damp and muddy conditions.
